

Start date:
January 2021

Length:
3 years

Total project cost:
€ 771.357,35

EU / Region contribution in favor of the Valle Savio Union:
€ 540.000,00

Financing program:
European Agricultural Fund for Rural Development - Rural Development Program 2014-2020

Measure 19 – Support for local development Leader - Operation 19.2.01 – Action 7.4.02 "Structures for public services"

Promotion and qualification of new public services aimed at local communities and tourists / visitors.

OBJECTIVES

The project aims to attract new tourist flows and strengthen the sense of community of the territory through the redevelopment of public structures to be used for new accommodation and cultural services for the Savio valley.

In particular, the project intends:

1. Promote the economic development and competitiveness of the territory of the Union;
2. Promote the recovery and re-functionalization of the historical-architectural, cultural and widespread testimonial heritage;
3. Contain land consumption by favoring the redevelopment of buildings.

EXPECTED RESULTS

1. Strengthen the territorial identity of the Union through the redevelopment of multifunctional, associative and recreational spaces.
2. Activate new cultural and recreational services to promote areas and elements of environmental and cultural value by attracting new tourist flows
3. Promote local development through the protection and enhancement of the landscape and environmental, natural and historical-cultural resources.

INTERVENTIONS by RETRAINING

1. **Municipality of Bagno di Romagna** Redevelopment of the former Casanova dell'Alpe school in the Casentino Forest Park to create a visitor center / hostel.
